

**North Jersey Astronomical Group  
2008 Annual Dinner  
Sunday, November 2 , 1-4 PM**

**Russian Hall  
4 Woodhull Avenue  
Little Falls, NJ 07424**

**"Searching for Life in the Solar System"**

Our guest speaker will be Robert Search of Centenary College in NJ who will speak on "Searching for Life in the Solar System." He will give us a tour of the modern solar system and discuss how spacecraft missions like Cassini are being used to look for the existence of life forms in our neighborhood of space. (There will sometimes be references to science fiction movies.) Mr. Search is currently pursuing his Ed.D. in mathematics and has received Centenary's

Distinguished Teaching Award.

Casual Buffet Dinner including beer and soda  
Door Prizes, Astrophotography Contest  
\$28 per person
